The Victrola brings the world's best music right into your home

This wonderful instrument not only brings to you the masterpieces of opera, but they are rendered by the selfsame artists who are captivating hosts of enthusiasts in the leading opera houses—Caruso, Alda, Braslau, Deshayes, Farrar, Galski, Galli-Curci, Landoni, Gluck, Hempel, Homer, Melba, Met, Martinelli, McCormack, Patti, Ruffo, Schumann-Heink, Tietz, Tetrazzini, Whitehill—the world's greatest artists who make the Victor Records exclusively.

At the next moment you can be listening to the gems of song from the most sparkling musical comedies, or being entertained by Harry Lauder, John R. Brown, Bayes, and other leading favorites.

It is only a step from grand opera to the lighter forms of music, for the Victrola is wonderfully versatile and changes at will from grand opera to minstrel show to sacred music, from vocal solos to instrumental numbers—the very music you like to hear at the very time you want to hear it.

Victors are Victor dealers everywhere, and they will gladly play your favorite music for you to demonstrate the various styles of the Victor and Victrola—\$10 to \$400.

PETERSBURG, Jan. 30.—Debate
President Wilson's world peace
resolution, which was passed
yesterday, has been the subject
of a heated discussion in the
Duma today. The resolution
was adopted by a vote of 115
to 113. The Duma members
were divided into two camps.
The one camp, headed by
Mikhail Gukhlo, is in favor
of the resolution. The other
camp, headed by Alexander
Guchkov, is opposed to it.
The Gukhlo group believes
that the resolution is a
necessary step towards
peace. The Guchkov group
believes that the resolution
is a betrayal of the Russian
people's interests.

WASHINGTON, Jan. 30.—Debate
President Wilson's world peace
resolution, which was passed
yesterday, has been the subject
of a heated discussion in the
Senate today. The resolution
was adopted by a vote of 115
to 113. The Senate members
were divided into two camps.
The one camp, headed by
Senator Cummins, is in favor
of the resolution. The other
camp, headed by Senator
McClure, is opposed to it.
Senator Cummins believes
that the resolution is a
necessary step towards
peace. Senator McClure
believes that the resolution
is a betrayal of the American
people's interests.
The debate was long and
heated. It lasted for several
hours. Finally, the Senate
voted to adjourn without
taking any action on the
resolution. The debate will
be resumed on Wednesday.
The resolution provides for
the establishment of a
league of nations. It also
provides for the arbitration
of international disputes.
The resolution is a landmark
in the history of the United
States. It marks the first
time that the United States
has taken a stand in favor
of international peace.

POSSIBILITY OF HADFIELD'S
FILLING THE CONTRACT.
Officials of Concern are Reason
ably Sure Opposition will Disap
pear in Next Twelve or Fifteen
Months and Meanwhile We
may Build a Plant.
[BY A. P. NIGHT WIRE.]
WASHINGTON, Jan. 30.—Con
tracts for something over \$5,000,000
worth of armor plate shells for the
navy to Hadfield's, Ltd., of
England, may be filled despite
the British government's order
that that company should not
proceed with the work "so long as
the exigencies of war continue."
A dispatch from Ambassador Page
at London, transmitted by the State
Department to the Navy Department
today, said that while the British
authorities felt constrained to with
hold consent for the Hadfield's com
pany to make the shells for the
present on account of national needs
as understood by the public, officials
of the company were reasonably sure
opposition would disappear within
twelve or fifteen months.
NAVY CAN WAIT.
Even after that delay, the dis
patch said, it probably would be
possible to deliver the projectiles
within the time stipulation original
ly made by the company—within
months for the 450 14-inch projec
tiles, and sixteen months for the
300 16-inch types.
Inasmuch as the shells are to be
held in reserve, there being no im
mediate need for them, naval offi
cials are of the opinion that they
can afford to await further develop
ments and hold the contract in
abeyance for some time. Mean
while efforts will be made to reach a bet
ter understanding with American
manufacturers, whose lowest bid
was \$200 per shell above the Eng
lish price and preparation for the
construction of a government fac
tory will be hastened.
FOUR PROPOSALS.
These four proposals for provid
ing the navy with shells are being
considered:
(1.) Completion of the author
ized government "projectile plant"
even before the construction of the
proposed armor plate factory.
(2.) The purchase or lease, under
Congressional authority, of one
of the existing private plants, which
could be used by the government in
case of emergency for the imme
diate production of shells.
(3.) The possibility that the Had
field's company will establish an
American branch.
(4.) A compromise agreement
with American firms under which
reasonable prices would be quoted
and shells produced of a quality
equal to those manufactured by for
eign firms.
Navy officers contend that none
of these possibilities is too remote
to escape careful consideration and
that at least one of them will be
realized before the actual need of
the shells is felt.

Quarter Billion Revenue Bill
Arouses Republicans.
Old-time Tariff Debate Held
in the House.
Measure Likely to Pass Some
Time Tonight.
[BY A. P. NIGHT WIRE.]
WASHINGTON, Jan. 30.—The ad
ministration revenue bill designed
to raise about \$250,000,000 by in
creasing the inheritance tax and by
a new tax on excess profits, and
containing authorization for an ad
ditional bond issue of \$100,000,000,
was taken up in the House today
with a prospect of passage by to
morrow night.
Discussion of the measure devel
oped into an old-time tariff debate.
The Republicans accredited the
prospective treasury deficit to Dem
ocratic mismanagement and extrava
gance, and urged as a substitute for
the administration bill a measure to
raise the necessary revenues
through higher customs duties.
Democratic leaders replied that the
shortage was due almost entirely to
the Mexican emergency, and the un
usual preparedness expenditures,
and argued that levies on excess
profits and inheritances would place
the burden where it belongs and
would be least felt.
Majority Leader Kitchin had
charge of the bill, and the Repub
lican attack was led by Representa
tive Fordney, ranking minority
member of the Ways and Means
Committee.
"You have been crying prepared
ness," Mr. Kitchin told the Repub
licans, "until the people think the
Japs are coming over from the
west and Germany and France and
Russia are all coming from the east."
The excess profits tax will in large
part be paid by those who were
loud clamorers for preparedness,
who demanded of their representa
tives here these immensely in
creased appropriations for the army
and navy.
Mr. Fordney said that had the
Payne-Aldrich tariff law remained
in effect no deficit would be in
prospect, despite the expenditure of
\$162,000,000 in a tariff chase
after Villa.

COMPENSATION LAWS
UP ON REARGUMENT.

(BY A. P. NIGHT WIRE.)
WASHINGTON, Jan. 30.—Reargument of nine cases appealed to decide the constitutionality and extent of application of the workmen's compensation act of Washington, New York and New Jersey was begun today in the Supreme Court.
Since the first hearing, in Febru-

ary, 1915, Justices Brandeis and Clark have been appointed, Justice Lamar has died and Justice Hughes has resigned. The principal grounds of attack are that the laws take property without due process of law and deny constitutional rights of jury trial and freedom of contract.
The rehearing of the cases will be concluded tomorrow.

SLAY TO ORDER
FOR UNION CZAR

Murder Directions Issued by Walking Delegates.

System Employed in Chicago is Brought to Light.

"Black Book of Death" Kept by "Umbrella Mike."

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)
CHICAGO BUREAU OF THE TIMES, Jan. 30.—That men were murdered or maimed to order, a fact that has always been known to Chicago, is now becoming part of the government records. Interesting light is being thrown on the vicious acts of union labor czars and dictators whose chief labor was that of preventing, by violence, honest men from working.
References to the "little black book of death," in which the names of victims marked for slaughter at the hands of union labor slugs and gunmen—the book which made Michael J. ("Umbrella Mike") Boyle famous as a local today of Boyle and three other business agents of the Electrical Workers' Union before Federal Judge Humphrey charged of conspiracy in restraint of trade, in violation of the Sherman anti-trust law. Eleven switchboard manufacturers are co-defendants in the trial. J. F. Nichols, one-time business agent of Local 114, over union politics provoked the strife, was the only witness of the morning.

SANDRAG POLICY.
"Once, in a contract between employers and workers being drawn up," he testified, "Boyle tried to insert a clause binding manufacturers of switchboards and not bound to use any material whatever that did not bear the union label. I objected and called it damnable."
"Why did you call it that?"
"Because I knew it violated the anti-trust law. Boyle didn't like it, and we broke from that day."
"Boyle kept a little black book," said Nichols. "In it were the names of men who were marked for death or other violence. Boyle was the czar of things and ruled with an iron hand. There were twenty gunmen and slugs to support him."

Locals No. 376 and 154 were at war during 1911, 1912 and 1913, according to Nichols.

LEAK DAMPENS
KIN OF WILSON.

Wall Street Files Afford a Sensational Deduction.

President's Brother-in-law in Firm Giving Tip.

Contents of Note Accurately Told Long in Advance.

(BY A. P. NIGHT WIRE.)
NEW YORK, Jan. 30.—From files of a Wall-street brokerage house, Congressional inquirers today brought to light private and confidential telegrams regarded in some quarters as definitely indicating that there was a "leak" on President Wilson's recent peace note.
The most sensational telegram, containing a brief but remarkably accurate forecast of the contents of the note, was sent by E. F. Hutton & Co., one of the largest brokerage houses in the street, over its private wires to scores of other brokers with whom it did business throughout the country, on the afternoon of December 20, more than three hours before the first copies of the note were handed to newspapermen by Secretary Lansing.

POTATO SHORTAGE
GERMAN PROBLEM.

But Will Be Able to Hold Out to Next Harvest.

Von Batschke Admits Stocks of Food are Scarce than at Any Time in Two Previous Years of War—Grain Harvest is Much Larger.

(BY ATLANTIC CABLE AND A. P.)
BERLIN, Jan. 30.—Germany undoubtedly will be able to hold out until the next harvest if the supplies of food are hoarded and distributed carefully, although stocks of provisions this year are scantier than in the two previous years of the war, said Adolf von Batschke, president of the food regulation board in an address today which was prompted by the present troubles in food distribution. Reckoning five pounds of potatoes as equivalent to one pound of grain, he figured the total supply available for man and beast as being less than last year, since the increase of 4,000,000 tons in the harvest of winter wheat, which is the balance by the decrease in the potato crop, amounting to 30,000,000 tons.

The shortage of potatoes also affects the supply of meat, milk and butter, since it has necessitated utilization of turnips for food and prohibition of the use of grain for fodder.

The problem of food supply is now being brought home to residents of Berlin in the most direct manner by the discussions regarding the introduction of a standard bread. The proposed abolishment of wheat rolls and the issue of uniform loaves of mixed rye and wheat are objectionable, both to the upper classes, which prefer the tastier rolls, and to the working population, which will have to pay more for the mixed loaf than for the present rye bread. However, the authorities declare the change is inevitable in order to obtain the maximum amount of bread from a given quantity of flour. Otherwise the weekly bread ration would have to be reduced.

The difficulties are due not to any reduction in the total supply for Berlin, but to the fact that the better classes, which formerly consumed only part of their bread ration, are now taking it down to the minimum. Another factor consists of the supplementary rations issued to the working classes on the basis of the rationing of other articles of food. The food problem also has been accentuated recently by the winter conditions, which not only have crippled the transportation service, but have prevented farmers from opening their cellars and exposing their potatoes to the risk of freezing in transit.

These conditions, coupled with the trouble of obtaining bread on bread cars and the shortage in the meat supply, have caused many well-to-do persons to take advantage of the municipal food kitchens, where a nourishing and appetizing ration is obtainable.

Among these persons are the members of a number of American families who are not influenced by financial considerations.

LEAK DAMPENS
KIN OF WILSON.

Wall Street Files Afford a Sensational Deduction.

President's Brother-in-law in Firm Giving Tip.

Contents of Note Accurately Told Long in Advance.

(BY A. P. NIGHT WIRE.)
NEW YORK, Jan. 30.—From files of a Wall-street brokerage house, Congressional inquirers today brought to light private and confidential telegrams regarded in some quarters as definitely indicating that there was a "leak" on President Wilson's recent peace note.

The most sensational telegram, containing a brief but remarkably accurate forecast of the contents of the note, was sent by E. F. Hutton & Co., one of the largest brokerage houses in the street, over its private wires to scores of other brokers with whom it did business throughout the country, on the afternoon of December 20, more than three hours before the first copies of the note were handed to newspapermen by Secretary Lansing.

At the time the Hutton message was sent, according to the testimony of Secretary Lansing before the committee in Washington, no one connected with the preparation and dispatch of the note, had as much information regarding its contents as the message revealed. The note previously had been sent abroad in the form of a telegram to the Hutton message to various brokers by more than ten hours.

Information on which the message was based, Hutton testified, came in another message, sent from E. F. Hutton & Co., a Washington brokerage house, in which R. W. Bolling, a brother-in-law of President Wilson, is a partner. Connelly was declared by Hutton to be hastening to New York tonight to appear before the committee tomorrow.

Hutton testified that his understanding was that Connelly's information regarding the note was based on general rumor. Indicative of the fact that the Hutton message was based on general rumor, Hutton said, was another message he received, which Clement, Curtis & Co., of Chicago, sent him prior to Connelly's first message, referring to a statement to be issued by the State Department "intended to promote peace prospects."

Certain members of the committee, however, privately expressed conviction that the person who originally supplied the information to their correspondents, was based on a note or obtained an excellent resume of it.

"SOME ONE READ NOTE."
"Some one read the note," Representative Campbell of Kansas, ranking Republican member of the committee, emphatically declared after the close of the hearing. Chairman Henry and Sherman L. Whipple, also declared that the Hutton message was based, either had read the President's note or obtained an excellent resume of it.

No effort will be spared, Mr. Whipple announced, to throw the fullest light on the origin and transmission of the Hutton message. Both in the message from Washington to E. F. Hutton & Co., and the subsequent message sent by them to their correspondents. The latter message, according to Hutton, was prepared by George S. Ellis, Jr., a partner in the firm who is now in Georgia, he said. Hutton also requested the committee not to call Ellis if it can be avoided.

Chairman Henry, determined to have Ellis testify, said he probably would be examining a note which he said would not be taken to Washington. Telegraph operators and others, who had to do with the transmission of the message also are to be interrogated. Other members of the Connelly firm also are to be examined.

I CURE
PILES

FISTULA and all Rectal Diseases WITHOUT AN OPERATION

For twenty-five years I have been curing diseases of the rectum and lower bowel. During that time my experience as hospital and railroad surgeon, as college lecturer and professor, has enabled me to develop a method that is superior to others. I cure without surgery and my patients are not confined in bed and seldom lose a moment's time from their business.

My method is not a "home cure" or a "correspondence treatment" but it is an application of skilled treatments administered under the most rigid antiseptic conditions in my office.

I solicit all severe and obstinate cases of Stricture, prostatic, hemorrhoids and piles. If you are a sufferer from rectal trouble I invite you to investigate my method thoroughly by talking or writing to me or to my office. If you will call at my office I will be pleased to give you the names and addresses of many well-known Los Angeles people I have cured, whom you may interview in regard to my treatment.

Read what a few well-known Southern California people have to say of my method. Many similar letters are on file in my office.

SANTA MONICA MINISTER CURED.
This is to certify that Dr. C. H. White has cured me of a distressing hemorrhoidal ailment of 15 years duration. His method of treatment is effective, but not severe. It is a true cure of physical disease. He accomplishes all his claims in his advertisement. I take pleasure in heartily commending the man and his method.

WELL KNOWN SPRING STREET PRINTER CURED.
For five years I was practically incapacitated from attending to business by Protruding Hemorrhoids. Dr. White cured me without pain.

OLD RAILROAD MAN CURED.
For more than ten years I suffered from chronic Diarrhoea and Ulceration. I was in a semi-invalid state. Dr. White cured me without pain.

RIVERA RANCHER CURED.
I suffered for fifteen years with painful, protruding, bleeding Hemorrhoids. Dr. C. H. White is a first-class specialist. He cured me of my distressing ailment. I do not let a chance pass of telling others of my wonderful cure, and it is to be hoped that each person who I have advised to visit Dr. White was completely cured by him.

Coroner's Jury Asks Auto Killed Woman.

Sheeley Must Face Charge of Recklessness.

(LOCAL CORRESPONDENCE.)
PASADENA, Jan. 31.—It was the verdict of a Coroner's jury yesterday that Mrs. R. L. E. Smith was killed last Saturday evening by an automobile driven by James Sheeley, but the blame was not placed on the driver. The jury, which was composed of men and women, found that the driver was not negligent, but that the accident was the result of a collision between the car and a horse-drawn carriage. The jury also found that the driver was not reckless, but that the accident was the result of a collision between the car and a horse-drawn carriage.

ZANE GREY'S
NEW NOVEL
WILDFIRE

Zane Grey has written many fine books, but here in his just published novel is the best of them all. He has written of wonderful horses, but Wildfire outruns them all. He has written often of men and women who loved adventure and had their fill of it; but in this story set in America's most dramatic scenery the adventures and passions of his characters partake of the wild freedom and strength of the desert and mountains to which they belong. There is much grace and charm in the writing.

[LOCAL CORRESPONDENCE.]
SANTA MONICA, Jan. 30.—Though Mrs. W. O. Wood of 2510 Woodway boulevard has posted a reward of \$200 with the Bank of Santa Monica for information leading to the arrest and conviction of whoever poisoned a valuable Alredale dog, which she paid \$1000 for, the police have reported that the poisoning was reported to the police by a woman who lives in the neighborhood.

THE CITY

AND ENVIRONS.

EVENTS BRIEFLY TOLD

City Planners' Luncheon.

Dr. T. Perceval Gerson and R. S. Rankin will speak on "What Can We Do with Bunker Hill?" at a meeting of the City Planning Association at noon today at No. 441 South Broadway.

Two Local Speakers.

The Los Angeles Transportation Association will have a luncheon at noon on Friday at Jahnke's Tavern, No. 524 South Spring street, at which time addresses will be given by Charles F. Lummis on "The Desert from Inside and Out," and Herbert J. Goudge on "The Fallacy of the Proposed \$12,000,000 Power Bond Issue."

H. C. McNitt, general manager of the Salt Lake route, will be manager of the day. Visitors will be welcome.

Michigan Society Meeting.

The Michigan Society will meet in the Times Assembly Rooms tomorrow evening at 8 o'clock. Mrs. C. E. Vermilion, president of the South Dakota Society, will read, and there will be dancing by Miss Margaret O'Brien. A card counting always an interesting feature, will be held. Great rivalry exists between Wayne and Kent counties for the possession of a banner which is to permanently belong to the county that has the largest number in attendance at three monthly meetings. Refreshments will be served and dancing will begin at 9:15 o'clock.

Christmas Science Lectures.

First and Fifth Churches of Christ, Scientist, announce the following free lectures on Christian Science, by Ernest Young, C.E.S., of Chicago, member of the Mother Church, the First Church of Christ, Scientist, in Boston: Thursday, Friday evenings, at 8 o'clock, in Fifth Church edifice, No. 7167 Hollywood boulevard; Saturday evening at 8 o'clock in First Church edifice, No. 1346 South Alvarado street; Sunday afternoon at 2 o'clock, in Shrine Auditorium, No. 515 Jefferson street. The public is cordially invited.

Aftermath.

DEATH CAR DRIVER

IS HELD TO ANSWER.

RETURN OF CHECK AND KEY IS A MYSTERY.

Motorist Who Handled Car in Which Mrs. Nellie Moorester of Salt Lake City Met Her Death at Santa Monica Last Week Must Stand Trial.

Frank W. Goodrich, driver of the Santa Monica "death car," in which Mrs. Nellie Moorester of Salt Lake City met her death last Thursday morning, was arraigned yesterday before Police Judge King at Santa Monica, and admitted to \$1500 bail.

The preliminary hearing was set for February 10 at 10 o'clock.

Dr. Frank Moorester, husband of the victim of the auto accident, yesterday received a package through the mail. It contained a card bearing his wife's name, a key, and a check for \$15 which had not been cashed.

Dr. Moorester yesterday notified Santa Monica authorities that if any one found the articles and will return them to him, he will return them to him as a reward. A short note, also printed, referred briefly to the return of the articles.

Dr. Moorester yesterday notified Santa Monica authorities that if any one found the articles and will return them to him, he will return them to him as a reward. A short note, also printed, referred briefly to the return of the articles.

The police are inclined to believe that some one picked up the package and sent them back in the manner adopted so as to keep his name out of the affair. The physician says the articles may be sent to him at Salt Lake City, to which city he returned yesterday.

Good Work.

THIEVES ARE CAUGHT

AT SAN FERNANDO.

TWO OF THEM ARE SAID TO BE ESCAPED CONVICTS.

Gang of Mexicans Who had Taken Much Loot from Freight Cars and Sold Some of Their Plunder are Rounded up by Officers After an All-night Watch.

After a wait of all night, three Mexicans, members of a gang of freight-car thieves, were apprehended yesterday in San Fernando. One member of the gang escaped but his arrest is certain.

Two of the men were escaped convicts, one having escaped from San Quentin and the other from Florence Penitentiary in Arizona.

The arrested were Thomas Monroy, 34, and Frank Dominguez, 34, both of whom were arrested at San Fernando, one being robbed Saturday morning and one early Sunday morning. The loot was miscellaneous, including sugar, flour, shoes, and khalpi pants. A great deal of the loot was recovered, the rest having been sold to members of the Mexican colony at San Fernando.

It is evident that the gang intended further depredations, as upon investigation, it was found that they had taken orders for a quantity of groceries and clothing to be delivered Tuesday and Wednesday.

It was reported to the officers that the men were robbing another train early yesterday morning, so a watch was set at the local freight yards until after the train had departed. As the suspected robbers did not appear, a search was made of the rooming-house, and then men were arrested in the San Fernando Hotel.

TESTIMONIALS FOR MEDICINES

Lydia E. Pinkham Medicine Company Publishes Only Genuine Ones.

The testimonials published by the Lydia E. Pinkham Medicine Company come unsolicited. Before they are used the Company takes great care to inform itself about the writer. Never knowingly has it published an untruthful letter, never is a letter published without the written consent signed by the writer.

The reason that thousands of women from all parts of the country write such grateful letters is that Lydia E. Pinkham's Vegetable Compound has brought health and happiness into their lives, once burdened with pain and illness.

It has relieved women from some of the worst forms of female ills, from displacements, inflammation, ulceration, irregularities, nervousness, weakness, stomach troubles and from the blues.

It is impossible for any woman who is well and who has never known the trouble to realize how these poor, suffering women feel when restored to health; and their keen desire to help others who are suffering as they did.

Theosophists' Divorce Trial Marked by Clashes.

Mrs. Tingley and Secretary are not Excluded.

Greek Teacher on the Stand in Own Defense.

[BY DEBBIE WILSON-REYNOLDS DISPATCH.]

SAN DIEGO, Jan. 30.—Two victories were won today by the complainant, Mrs. Darrow, in taking notes of the case. Judge Guy permitted him to do so. The second was when Mrs. Tingley was allowed to remain in the courtroom, though Attorney Davis, for the defense, protested she had been twenty-five minutes followed and the doctor and spinning him away to Salt Lake, after he had made an agreement not to take the children from Point Loma.

Dr. Darrow, who was formerly instructor in Greek at the Raja Yoga school, the Point Loma colony, was on the stand today in his own defense. He told in detail of his wife's alleged jealousy, of treatment of their two children that he found open to criticism, and of an episode when, he said, a horoscope of the troubled period was cast.

An attempt by Attorney Davis to introduce testimony referring to alleged occult matters failed to have legal effect, as Judge Darrow, with opposition by the prosecution and the matter was undecided when court adjourned.

PAID FROM CAR.

Dr. W. W. Adams of Anaheim, 55 years of age, was injured early last night when he fell from a street car at Western avenue and Second street. He was taken to the Revere hospital suffering from concussion of the brain and many lacerations. He told the police he stumbled over a hole in the pavement and his head struck the pavement when he fell.

PIMPY? WELL, DON'T BE!

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel—there's never any sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cured with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Take one or two nightly for a week. See how much better you feel and look. 10¢ and 25¢ per box. All druggists.

SWEEPING REORGANIZATION OF NATIONAL GUARD BEGUN HERE.

Col. Schreiber Retires—Plans Announced for Massing of Whole Seventh Regiment in Los Angeles—Eighth Outside—Military Center of Coast.

THE retirement of Col. W. G. Schreiber as commander of the Seventh Regiment, and announcement of plans to make Los Angeles a great military center, and a sweeping reorganization of the National Guard circles in Los Angeles yesterday.

At the headquarters of the National Guard, Col. Schreiber announced that he was retiring from the service, and that the Seventh Regiment would be reorganized and massed in Los Angeles.

POWER SCHEME BACKERS SET AT LOGGERHEADS.

Delay of Ten-or-thirty-year Contract is Severely Criticized.

THE surface peace in the camp of the proponents of the city power bond and purchase scheme was seriously disturbed yesterday by the publication in The Times of the letter of John B. Miller, president of the Southern California Edison Company, to the stockholders of that corporation, setting out that the life of the contract by which the city will purchase power from the two companies it hopes to buy will be thirty years, instead of the ten which the city officials have led the taxpayers to believe.

by those whom the board does not suspect of "ulterior motives," notwithstanding the fact that it is a public document and as such is open by law to the scrutiny of any taxpayer. The right to decide what "ulterior motives" are and who has them is apparently to be left to the judgment of the board.

Severe criticisms were made by members of the Council yesterday at the delay by the service commissioners in presenting the proposed contract for power, and a warning was given that no thirty-year contract must come before the Council quickly.

Councilman Topham said he would not vote for the bonds until they had that contract and knew what it contained. "We are not children and we should have the information," he stated.

Councilman Conwell said the history of all legislation wanted by the Public Service Commission showed that the commission's representatives invariably went before the Council in a sweat and haste and asked it to force things through on the ground that the time was limited. He thought Councilman Topham's point well taken and that the Council should know at once exactly what the contract contained.

"CAN'T GET IT ACROSS."

Councilwoman Lindsey, referring to the letter of President Miller of the Edison Company that the contract is to be for thirty years, said: "No member of the Council can vote for a thirty-year contract, so I don't see how they can get it across."

Councilman Wheeler said the contract was in reality to be for ten years, but the city would have certain privileges under a contract and option for thirty years. The city was not going to do itself up so that it couldn't move, but was going to obtain a right to certain advantages. He said the contract would be highly technical.

"That is a reason why the Council should have plenty of time to study it," interjected Councilwoman Lindsey.

President Betkouski said there actually was no contract yet, but he had heard that the city was trying to get one. "I have kept my tongue in my mouth biting it for fear I

THE PRESENT STATUS OF THE SEVENTH REGIMENT.

Companies Generally Far Below Peace Strength and in Many Cases Badly Demoralized and Discouraged. Interest Slowly Reviving and Officers Hopeful of Increasing Enlistments—Unvarnished Facts.

Rehabilitation Needed.

THE Seventh Regiment, N.G.C., has been in a bad way since its return from the border of Mexico, and only lately has interest begun to revive. With one or two exceptions, the companies are far below the peace strength of sixty-five men and three officers. In one company it is reported that only one man has applied for re-enlistment, and he was rejected because he was married and the head of a large family. Other companies have ceased drilling altogether, and have made no effort at re-enlistment, awaiting decisive information from Washington.

Uniforms were in tatters after the border service, guns and other equipment were condemned and will not be replaced. Neither will the men receive pay during the remainder of their service under the former organization. As a result drills and book-keeping have been practically abandoned in many of the companies.

The following statements of the present situation were obtained by Times representatives in the various cities where the companies are quartered:

Los Angeles, Co. A, B, C and F, Infantry, Hospital Corps and Machine Gun Company—Applications for re-enlistments in the Los Angeles companies were practically at a standstill up until a week ago. At

DIAMOND THIEVES' COUP IS REPEATED.

GUEST AT LONG BEACH HOTEL LOSES VALUABLE GEMS.

Crime Bears Earmarks of Deceptions Perpetrated in Beverly Hills, Pasadena and Los Angeles Abodes of Wealth Last Winter—Raid During Dinner Hour.

Employing the methods of the jewel thieves who last winter victimized people of wealth in Beverly Hills, Pasadena and Los Angeles' fashionable West Adams-street district, a daring burglar raided a room at the Hotel Virginia, Long Beach, it was learned yesterday, and stole from Mrs. W. H. Reed of Salt Lake, a guest, diamonds of considerable value.

While Mrs. Reed was at dinner Monday evening the thief entered her room by using a pass key and stole a diamond ring, a diamond brooch and earrings worth a large sum.

The intruder seemed to know just what he wanted, as other articles in the room were not disturbed.

Last winter's deceptions were a startling series of crimes never satisfactorily explained.

February 16, 1916, the home of King C. Gillette, the safety-razor magnate, was entered, and a number of valuable jewels were stolen, the principal piece being a diamond necklace worth \$1500. On January 16, 1916, a \$1500 diamond vanished from Mrs. Michael Healy's apartments at the Maryland Hotel, Pasadena. The thief evidently was not well posted on the contents of the room, for he overlooked \$15,000 worth of other gems.

These robberies the home of Mrs. Charles Modini-Wood in St. James Park was entered and diamonds valued at \$3500 taken. From Mrs. F. P. Knott, who lived at the Hotel Darby, also were stolen stones worth \$1500, and Mr. and Mrs. C. H. Walton of the Maryland were robbed of gems valued at \$1500.

Journey's End.

IS CALLED BEYOND.

Member of Old California Family, Mother of Mrs. A. C. Balch of This City, is Dead at Monterey—Daughter is Prostrated.

Mrs. Marie de la Soledad Christina Romo Jacks, mother of Mrs. A. C. Balch of this city, died last Tuesday at her home in Monterey, according to word received here yesterday. Mrs. Jacks was 79 years old and had been ill some time. The daughter, wife of A. C. Balch, vice-president of the San Joaquin Light and Power Company, is prostrated by the news.

Mrs. Jacks was the widow of the late David Jacks of Monterey and was the mother of Misses Lee, Margaret and Vida Jacks of Monterey, Mrs. M. I. Thomas of San Francisco, William Jacks of Salinas, Romie C. Jacks of Monterey and Mrs. Balch. She was a member of one of the historic families of California.

The mere association of the name
"Nordlinger" with a diamond ring
instantly conveys to the mind the
thought of quality, character and
unusual value.

During the past half century many
hundreds of engagement rings have
been selected from the important
stock carried by this establishment—
because of its reputation for integrity
and its leadership in diamond selling.

Whether you pay ten dollars or one
thousand dollars for the stone — a
diamond from Nordlinger's carries
the greatest amount of value and
prestige.

RADICAL CHANGES IN BASEBALL RULES ARE ADVOCATED BY PREXY TENER.

TENER WOULD WIDEN PLATE.
Proposes Changes to Give More Hitting.

Wide Ones to Give a Base on Balls.
Others Would Like the Added Width.

[BY A. P. NIGHT WIRE.]
NEW YORK, Jan. 30.—President K. Tener of the National League today would submit to the Joint Rules Committee, which meets here next month, a recommendation to increase the width of the base plate from seventeen to twenty inches and send a batsman out on three balls instead of four.

Such a change in the rules, however, would bring about the increase in batting. Tener said, "By widening the plate, we would give the pitcher a better opportunity of hitting the ball over, but such a change would be about two-thirds of the batsman."

Believe increasing the width of the plate would have more of a psychological effect than an actual one. The pitcher, knowing the plate was wider, would have more of a chance to get the ball over, but such a change would be about two-thirds of the batsman."

O'NEIL SAYS STRIKE IS TALK.
DIRECT WIRE—EXCLUSIVE DISPATCH.
NEW YORK, Jan. 30.—Norris L. O'Neil, known to the baseball fraternity as "Tip," visited Denver for several hours this morning. Mr. O'Neil is on his way to the Pacific coast, arranging a training tour for the Chicago National League team. His present destination is Oakland, Cal. He will stop at Lake and Los Angeles on his way to the coast.

O'Neil will be remembered by the former president of the National Baseball League. He did not have much of a chance to get down this morning as he left at 10 o'clock this afternoon. But he had a guarded word or two to the effect that the threatened players' strike would be a "tip" to the baseball fraternity.

"Yes I have heard rumors of something of the sort, but I am not on my way to the Pacific coast to do the boys on hand to do the work. No one is worried. Spring training camps will be in full swing. This year looks like a serious one and the pennant will be keen."

Paul Martenson, who arrived last night from Chicago to wrestle Strangler Lewis.

MARTENSON HERE FOR LEWIS BOUT.
Paul Martenson, a large, meaty-looking individual with a genial grin and a tremendous chest, blew into town last night from Chicago, and will start gymnasium work at the Los Angeles Athletic Club tomorrow. The latest of these was Monday. At that time, Chance summed up the deal by insisting that Stovall throw in a left-hander along with Gloomy Gus by way of scripture measure.

This didn't make a hit with Stovall, who feels that he needs a few southpaws in his business, but the newcomer will probably content himself with hooding it around town today for the sake of his legs, and will start gymnasium work at the Western A.C. tomorrow. He wrestled three times last week, winning all three. The line-up: Stovall, forward; Sutton, Lewis, center; Wolford, W. Wolford, center; Desieux, guard.

Fullerton—L. Fuller, Emery, Sharwood, forward; Pettigrew, center; Welton, P. Fuller, guard. Referee, Hunt; scorer, Fordham.

ROWDY ELLIOTT IS A HOLDOUT.
DIRECT WIRE—EXCLUSIVE DISPATCH.
CHICAGO BUREAU OF THE TIMES, Jan. 30.—The urge of California seems imperative. A Cub fan, writing from Oakland, says that "Rowdy" Elliott, Club catcher, does not plan for the big-league stuff, but would remain out on the sunset side of the continent. He says "Rowdy" has refused to sign a contract for 1917 with the Cubs because his salary was reduced. He likes Oakland, where he managed the Pacific Coast League club, so says the scribe. Also that the Cubs must pay \$2000 to keep the pudgy catcher after May 1.

"If I remember correctly, Elliott had a top-heavy contract for last season, which I assumed," President Charles Wengham said today. "He was both catcher and manager out there. I don't recall if he returned his contract for 1917 unsigned."

Elliott was going great for the Cubs when he broke his thumb on his right hand and was compelled to retire. The damaged member recovered for him a mid-winter trip to Honolulu and caught regularly.

Chance has been after Elliott for some time, and Rowdy's refusal to return to the Cubs is regarded as the climax of the negotiations which may bring him to the Angels.

As Boles wants to retire, Chance could easily use Elliott. Last season he hated Rowdy as about the best backstop in the circuit, and it was on the P. L.'s recommendation that Tinker purchased him from Oakland.

G. GLEICHMANN DEAL MAY POP.
"Firebrand" Manager Gives a Neat Exhibition.

Stovall Doesn't Think Much of the Terms.
Chief Johnson Hands in a Signed Contract.

[BY HARRY A. WILLIAMS.]
It is now known why they call him "Firebrand." Stovall sputtered yesterday for the first time this winter. For several months he had simply been smoldering. Because of this some of the fans had feared that he was nothing more than a cinder—that the "Firebrand," like the candle of fiction, had been burned at both ends and couldn't stand the pace.

Perish the thought! Yesterday, tongues of flame could be seen shooting from him, and for a time it was feared that he might burst forth in a serious conflagration.

As a result of this display of pyrotechnics on the part of the new Vernon manager, the deal by which he was to trade Gus Gleichmann to the Los Angeles club for McLarry and Galloway may go up the smoke-stack.

This deal has been hanging fire for two weeks, during which time no less than three conferences have been held between Chance and Stovall. The latest of these was Monday. At that time, Chance summed up the deal by insisting that Stovall throw in a left-hander along with Gloomy Gus by way of scripture measure.

This didn't make a hit with Stovall, who feels that he needs a few southpaws in his business, but the newcomer will probably content himself with hooding it around town today for the sake of his legs, and will start gymnasium work at the Western A.C. tomorrow. KID WILLIAMS SETS WILD PACE AND WINS DECISION.
[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

ANAS CITY, Jan. 30.—Kid Williams won the decision at the end of his fifteen-round bout with Benny McNeill in Convention Hall tonight. Williams had all the better of it after the third round, and McNeill was all but knocked out when the gong sounded in the last round. A terrific smash by Williams in the eleventh round laid McNeill on his back and he did not rise until the referee had counted eight.

In the early stages of the fight honors were easy until the third round, when McNeill suddenly bored in and knocked Williams down with a rousing right. Williams arose quickly and then the fight began. McNeill took a full measure of punishment gamely and seemed anxious for more, until the disconcerting blow that felled him in the eleventh. After that it was a gamble as to whether he would last the fifteen-round limit. His face looked lopsided and his left eye was closed. His face and body showed the marks of a terrific fight.

Former Champion Williams showed himself to be in wonderful condition. From the moment he hit the floor, in the third round, he set a pace that was almost impossible to follow, and McNeill's ability to stick it out to the end of the bout was surprising.

After the contest Williams stated that he intended to keep on fighting until Kid Herman, the New Orleans boy who won the title from him a few weeks ago, sees fit to give him a return match. Williams is still sore over the decision given against him in the championship match.

CRESCENTS ARE TRAPPED DOWN
Y.M.C.A. Experts Teach the Quakers a Lesson.

Pine and Samis Star for the Local Demons.
Orange to Make Dramatic Appearance Tonight.

[BY WARDE FOWLER.]
In spite of their well-known ability to win basketball games, the Y.M.C.A. team last night, the game was a speed affair with Whittier slowly climbing up the scale, but never reaching the summit. When Referee Haslett blew the whistle for the last time the score was 27 to 18.

Pine and Samis of the local squad took turns heaving baskets from long distances and just about divided the honors of the game between them.

Those who sent petitions to the university authorities urging that Folwell be retained as coach. All of the signers are graduates of Pennsylvania.

For some reason or other the Quakers couldn't hit their stride. Time after time perfectly simple baskets were missed. Of course, this was due to a large extent, to the perfect guards on the Y.M.C.A. team. But the Crescents weren't up to form and they couldn't hit the basket when they had a clear chance.

McBurney, a long bird with a reach of about thirty feet, stood around picking the sphere out of the air whenever it came in his direction. He did the majority of the basket-shooting for the Quakers. The same was fast, well played and well refereed.

CURTAIN RAISER.
As a curtain raiser the Y.M.C.A. 145-pounders took on the Montebello aggregation. The youngsters showed all the pep and speed in the world and played a game that would make any of 'em put up and take notice. Hill and Needham for the locals split honors with Rubenfire and all three showed a marked degree of efficiency at throwing the basket.

SPIDER BAUM MAKES TERMS.
[DIRECT WIRE—EXCLUSIVE DISPATCH.]
SAN FRANCISCO BUREAU OF THE TIMES, Jan. 30.—"Spider" Baum, San Francisco pitcher and veteran of the Coast League, came to terms with the local management today and signed his name to a 1917 contract. Baum was not a member of the Fraternity. Wolverson also had a talk with Justin Fitzgerald but could not persuade his outfielder to sign.

Justin, however, is one of the strong supporters of the Fraternity and has hinted to friends that his sympathies are with the ballplayers in their threatened strike.

SEGGERMAN LEADS IN GOLF TOURNEY.
[BY A. P. NIGHT WIRE.]
PINEHURST (N. C.) Jan. 30.—Henry W. Seggerman of Englewood Country Club, New York, with a score of 78, won the qualifying medal in the thirteenth annual St. Valentine's golf tournament, which began here today. Others of the 26 contestants who qualified were: Robert Hunter, Noroton, 80; Gardner White, Flushing, 81; John D. Chapman, Greenwich, 82; E. C. Beal, Uniontown, 83; Lee Maxwell, tomorrow. Twenty-one members of the State House of Representatives in session at Harrisburg were among those who sent petitions to the university authorities urging that Folwell be retained as coach. All of the signers are graduates of Pennsylvania.

EVERETT SCOTT SIGNS CONTRACT.
[BY A. P. NIGHT WIRE.]

BOSTON, Jan. 30.—Everett Scott, shortstop of the world champion Boston Americans, has agreed to sign a contract and James Walsh, an outfielder, has signed an agreement for next season. President Frasse of the club announced tonight.

President Frasse said "substantial increase" demanded by Scott had been granted. Twelve members of the team now are signed or are under agreement to sign, Mr. Frasse said.

INTERNATIONAL POLO PLANNED.
Hugh Drury Would Form an English Team.

To Play Stevenson's Best Aggregation.
Hints at Mysterious Hero for His Squad.

[SPECIAL CORRESPONDENCE.]
RIVERSIDE, Jan. 30.—England vs. America. That is now the plan for one of the stellar matches of the big polo tournament which opens on February 15. Hugh Drury, captain of the Riverside team, who "got his work" on English soil, believes he can organize an English four which, against the strongest aggregation, Malcolm Stevenson can pick among the noted American players who are to be here, will make a stronger contest than the usual match of East vs. West.

Malcolm Stevenson, a Canadian, and W. Ralston, a seven-goal English player now on the Coast, will be two members of Drury's team, and the name of the fourth player, who is not at liberty now to tell, but promises that he will be one of the "big guns" in international polo.

Such a contest will add a distinctly international color to the tournament, and it is believed will arouse fully as much sectional interest as the North vs. South match scheduled for the opening day. Drury figures that Stevenson will play for Beadleston, Earl Hopping and G. M. Hockaday, although it is C. G. Runney of the Meadowbrook Club comes out, as he is now figuring on doing. He will probably play instead of Hockaday. Runney rates at six goals, and Stevenson eight. Beadleston and Hocking are, it would make up a team whose value in handicap rating would be twenty-six goals. With Drury 16, seven-goal Ralston, and Mal. Ross at four and the "unknown," who, Drury says, is a nine-goal player, the Britishers will have a twenty-seven-goal handicap rating, which would certainly make "some game."

SENIOR GOLF CLUB GETS GOOD START.
[BY A. P. NIGHT WIRE.]
NEW YORK, Jan. 30.—Organization of the Senior Golf Association, comprising many prominent men, was announced today. More than 100 golfers, all of them 35 years old or more, met last night and elected as the president of the new organization Darwin P. Kingsley, president of the New York Life Insurance Company.

Justice Mahlon Pitney of the United States Supreme Court is vice-president, and Morgan J. O'Brien, formerly Chief Justice of the New York Court of Appeals, is second vice-president. The membership includes veteran amateur golfers from all sections of the country.

PETER MAHER IS SEVERELY ILL.
[BY A. P. NIGHT WIRE.]
NEW YORK, Jan. 30.—Peter Maher, celebrated heavy-weight pugilist, is an inmate of Bellevue Hospital today, and the physicians say he is suffering from a complete physical breakdown. Maher is 47 years old. He has not appeared in the ring for several years. In his last important fight he was knocked out by Bob Fitzsimmons.

BRAINY BOSSES HAVE THE DOPE.

Have Inside Stuff on Seemingly Ludicrous Trades.

Ability to Judge Makes or Breaks Managers.

Diplomacy is Needed in the Baseball Game.

BY HARRY A. WILLIAMS.

Baseball managers, who enjoy the reputation of being brainy, have at some time or another made seemingly ludicrous trades. In some cases, the element of equity appeared to be totally lacking, yet they produced results, and it is these by which the success or failure of a manager must be judged.

If the public could read the throbbing brain of the manager they probably would find him figuring from an entirely different angle in many cases and thinking deep thoughts to which he is not giving voice. There is an unwritten "inside" to many trades, especially those which are purely diplomatic.

EXAMPLE.

Such a trade was that by which Brooklyn gave McCarthy to New York in exchange for Fred Merkle. Daubert had been injured in August, when the race was at its worst, and the trade of a young hard-hitting catcher for the rather more-grown Merkle occasioned no great surprise, presumably being dictated by the exigencies of the situation.

The public accepted it as a fact that Daubert would be out for the remainder of the season, and that Merkle had been secured with a view of his playing out the schedule in that position.

However, the trade had to it a deeper and more significant meaning. It was to hasten Daubert's recovery. It was feared that the presence of Merkle at first would stimulate his ambition, and aid nature in mending his leg.

REJECTIONS.

When the trade was first suggested it was held before the players in a clubhouse session. Puffer at once registered an objection. He claimed that he could pitch good ball to nobody except McCarthy. Robinson then folded his arms and said: "The club was not going any too good at the time, and many of the athletes, including Daubert, were showing traces of discouragement. Ways and means must be found for getting Jake back in the game. Without him the team would be lost."

The return manager of the Hobbs suggested that Daubert should be sent to the minors, but otherwise if he saw Merkle hanging around that station, his mind was made up to reject the offer.

At last, after a long session, the athletes all saw the point, including Puffer, who opened after all that he could entertain the idea with all most anybody on the receiving end. They all gave their sanction to the swap, and it was made. Daubert, instead of being on the shelf for the season, crawled out one fine day, asked for his cash, and went to work. Otherwise, he might not have taken such chances with his own skill. Another player, who was on the job the club instantly took a brace and started the drive that showed it meant business.

So when you see a manager making a swap it is a safe bet that he has something under his bonnet of which you know nothing. There is an "inside" to every deal.

George Stovall attributes all of Willie Mitchell's trouble to his ears. As all know, Willie is rated by critics as potentially the best southpaw in the business. Stovall, who had him going great on the Cleveland club in the winter of 1916, claims that he hears everything. None of the home team in which he escapes him. His ears drink in every sound like a couple of funnels, and uncomplacently remain bent to make him wobble and lose his control over the ball.

Stovall got so sore at Mitchell that he had the manager taken to the Cleveland club he had intended to equip him with earmuffs. And that was no joke. I thought that was what ailed him—he had got in a habit of hearing everything and couldn't get it out. I thought that was what ailed him—he had got in a habit of hearing everything and couldn't get it out. I thought that was what ailed him—he had got in a habit of hearing everything and couldn't get it out.

"Mitchell came from the South, where they never wear such things as earmuffs, and he was a little deaf," said George. "I figured that was what ailed him—he had got in a habit of hearing everything and couldn't get it out. I thought that was what ailed him—he had got in a habit of hearing everything and couldn't get it out."

Another cause that should be tried to equip base runners with blinders, the manager said, was a lot of players lose valuable time in the bases by trying to see where the ball is going. He said that he had seen a lot of players lose valuable time in the bases by trying to see where the ball is going.

It is successful the earmuff idea, probably will be adopted by other managers. It is something, however, that may have its difficulties. At least, the muffs would necessarily be made to measure. Take Harry Wolter, for instance. Harry has ears like a rabbit. An ear muf to fit him would have to be made the shape of a mitten without any thumb.

Oh, Good!

EVERYTHING SET FOR HANDBALL.

DRAWINGS CAUSE CONSIDERABLE SEVERE PAIN.

Abe Roth is Only Guy Who is Absolutely Satisfied with the Looks of the Thing—Larson and Retzer Scheduled to Put up Final Exhibition in Initial Round.

Everything is set for the handball tournament, which starts tomorrow at the Los Angeles Athletic Club. Drawings were decided last night and the couples are herewith announced in all their pristine glory. Everyone seems to be dissatisfied, which is quite proper in a tournament of this kind. Only one man, Abe Roth, is satisfied with the drawing. This is Abe Roth, who is scheduled to meet Bob Weaver in the first round and claims that the local proxy of the A.A.U. will be easy picking for him.

Following are the drawings:

Championship class: Joe Amestoy, b. R. Retzer vs. W. E. Larson; Joe H. Eklies vs. John H. Nest; Joe Lacey vs. J. C. McQuinn.

open warfare between representatives of the Carranza government and the government of General Guadalupe Victoria in the state of Coahuila. The concession for the Lower California concession belonged to a company operating under the name of La Pescadora. The owner of the concession is Alvaro Felipe Solis, a Los Angeles resident. An interesting development in this case has been the fact that Solis has been notified to return to the consular office at Los Angeles, instead of to the consular office at San Francisco, as officers in any of the Mexican cities where he may stop on his way to the coast. The former officials are appointed by President Carranza, while the latter are appointed by Governor Cantu.

berto Stetrell, in the course of presentation.

Programme. The programme of the popular presentation last night at the Auditorium by J. Stetrell, violinist; Lester Gaudin, pianist; Raphael Villagosa, tenor; Salvatore de Nafrio, bass; Miss Virginia Phillips, soprano; Count Anton Dahl, pianist; and others played on a rare old piano the property of W. Brown. The music by Mr. Gaudin, Mr. Stetrell and Mr. De Nafrio was equally pleasing. As a novelty, Miss E. Graves, 7-year-old daughter of Mr. Stetrell, played a solo, assisted by little Virginia Phillips.

Club Concert. With a varied programme, the concert of the Schubert Club last night at the Trinity Auditorium, received the hearty approval of a large audience at the Auditorium. Mrs. Stetrell was the soloist for her work in the club, gave a series of unusually interesting readings, with the "The Customs of Many Nations" as a feature. Menotti Frascini, soprano; Emilio Cotino, mezzo-soprano; assisted by Mrs. G. Stetrell, accompanist, and Fritz Herrmann, organist, furnished a delightful musical number.

Singers Programme. The Mann Jubilee Singers will present a farewell concert this evening at the Blanche Hall. They have given several times during their week's stay in Los Angeles, and have won much popularity.

RETREADING OUR SPECIALTY

Goodyear Tires and Goodyear Service in Los Angeles

YOU can now buy Goodyear Tires and get Goodyear Service easier than ever before. The dealers whose advertisements appear on this page will gladly see that you have both.

The Goodyear Tire and Rubber Company has appointed these men Goodyear Service Station Dealers in Los Angeles—to make sure that you get Goodyears when you ask for them.

Sometimes dealers prefer to sell tires upon which they can make big profits. But these Goodyear Service Station Dealers know it is better business to make their profits from the extra Goodyear demand than on the few tires they sell you.

Often dealers prefer to sell tires of doubtful reputation. But these Goodyear Service Station Dealers offer you the most demanded tire in America—a tire which is original equipment on every third car built—a tire that outsells by far any other brand to consumers.

Goodyear Tires last longer, go farther and so cost you less in the end. You can get them in either the Cord or Fabric type—No-Hook or Clincher.

If you cannot get Goodyears from your own dealer, the Goodyear Branch will gladly tell you where to go.
